

I would highly recommend Rebecca for any position dealing with teaching and working together one on one or with a group. As my tutor, she worked with me patiently, targeting my exact needs. She would prepare beforehand as to utilize time efficiently and therefore promise the best results. Not only was she patient and helpful, but kind and generous with her time. I could tell that she always had my best interests in mind.

I thought of her as my tutor as well as my friend. I was never afraid to approach her with my needs. If I needed to review a case, she would let me talk her through it for my benefit. Each lesson plan was customized specifically for me. I could tell that she knew the subject matter well and could answer all of my questions. Because of the time I had with her, I was able to properly complete several of my assignments. I can see improvements in my classes reflected in my grades. Overall, Rebecca is a great teacher who is willing to give of her time, skills, and talents for the benefit of others.
